

## **BP 7265 Management Participation in Professional Development, Service and Professional Organizations**

### **7265.1 Professional Development**

The District may provide opportunities for management employees to participate in workshops, seminars, conferences, job-shadowing, or special projects of study which will benefit the District, enhance the individual's effectiveness as a manager, train a manager to be able to perform additional duties they may be assigned and/or provide for maintaining currency in the field.

Where applicable, managers participating in such endeavors will share the information they have gained with appropriate members of the college staff to help improve the effectiveness of the College District as a whole.

### **7265.2 Service Organizations**

In order to provide closer relationships between the College and the community, it is recommended that each employee assigned to the management salary schedule maintain active membership in a service organization and/or agency within the Santa Clarita Community College District.

### **7265.3 Professional Organizations, Local and Statewide Involvement**

Management personnel are encouraged to participate actively in appropriate regional and statewide professional organizations.

**Approved 05/14/08**
