COC Stands Out!

HASP Project Launch a Success

The *Aerospace and Science Team's* NASA High-Altitude Student Platform (HASP) project (pictured in the module above with the NASA logo) successfully launched from **Fort Sumner, New Mexico** in the early morning hours of **Sept. 14th**.

- *Congratulations, team!*
- On **October 1st** our HASP 2021 experiment was **returned to COC** for student inspection of the structure and internal systems, and all was intact!
- This year's HASP had the youngest leadership team we have ever had! The COC Team leaders were all **17!**

Nursing Graduates Make History!

The **California Board of Registered Nursing (BRN)** reported 1st quarter (July 1- Sept. 30) *first-time pass rates to all nursing programs* in the state.

Nursing programs are required by the BRN to maintain a 75% first-time pass rate, although students do have the ability to re-take the examination.

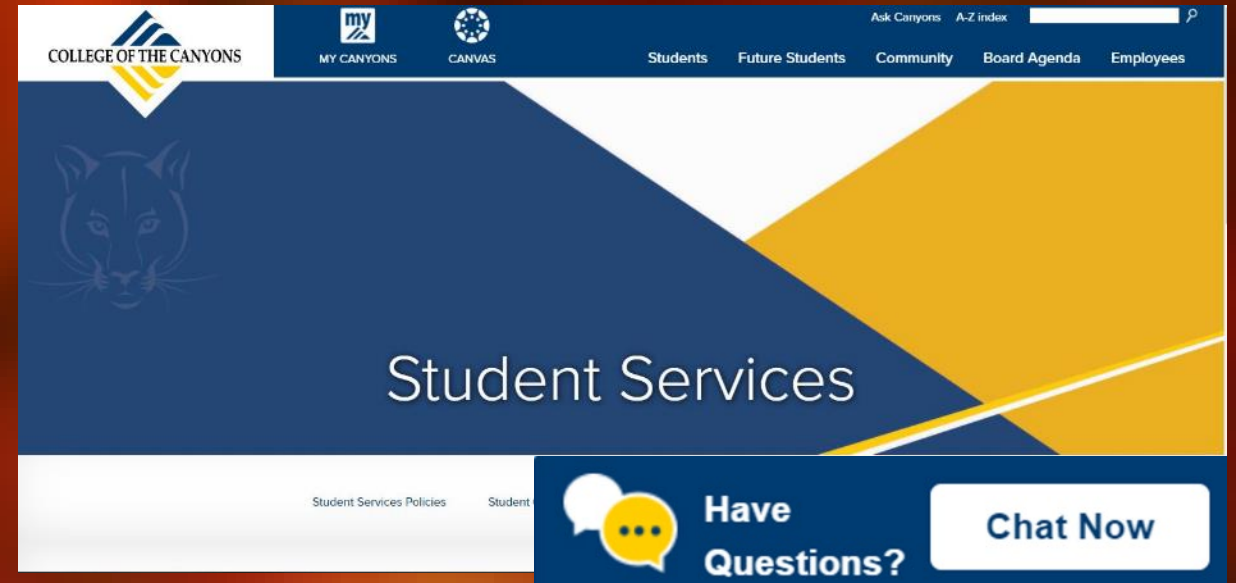

- For FY 2020-2021, COC Nursing topped **90%** first-time pass rate for the first time ever.
- For the recently reported first quarter, 40/42 COC graduates passed, at a rate of over **95%**. **This is the highest quarter first-time pass rate in COC history!**
- These graduates (pictured in Fall 2019) benefitted from significant investments in simulation equipment and virtual simulation technology to supplement direct clinical experience (Including COVID-19 testing and vaccination) during the pandemic.

Student Services Chat Bot – Has Now Gone Live!

On our website, we have live Chat now available for our students to connect with a staff member to answer quick questions or navigate the website!

- This idea came out of a LEAP 2021 proposal to improve the website experience of our students.
- The new service was rolled out on October 4th as a soft launch. We will do a marketing push shortly to the campus and community

New Name – Same Great Program

Our RISE program has changed their name to **INSPIRE Scholars**. Our students and the department decided it was time for an update and wanted to bring inspiration back to the students.

- We have changed our name, but not our **purpose**.
- **INSPIRE Scholars** exists to improve access to higher education for current/former foster and homeless youth; increase retention, graduation and transfer rates and promote student learning and development.

Grants Development Update

The College has secured **\$4,587,932** in grant awards to-date for the 2020/2021 year, with many more ahead.

- Recent grants include support for student needs and STEM education including:
 - ***National Science Foundation S-STEM: \$1,493,379*** over five years for student mentoring and scholarships in high need science programs (Patricia Foley)
 - ***Mathematics, Engineering, & Science Achievement (MESA): \$281,735*** over three years for academic preparation, support, and student services. (Amy Foote)
 - ***NCAS NASA Community College Aerospace Scholars: \$50,000*** over three years for training and a student support event (Teresa Ciardi)
- Director **Amber Cole** is coordinating a “***Meet the Grant Makers***” planned for November 10th in conjunction with the SCV Nonprofit Leadership Council as a virtual forum to bring funders and community non-profits and groups together. **Funders and details** to be announced online soon.
- **Upcoming opportunities** are anticipated in the areas such as advanced technology, apprenticeships, housing insecurity, technology, and student achievement as the office works closely with all areas of the college and many community partners.

COLLEGE OF THE CANYONS
BUSINESS ALLIANCE

California's COVID-19 Tenant Relief Act and the Pandemic Unemployment Assistance (PAU)

Beginning October 1, 2021, the law requires any property owner wanting to evict a tenant for failing to pay rent to apply for rental assistance before proceeding with an eviction lawsuit. However, depending on your specific circumstances and where you live, there may be additional protections and requirements for both property owners and their tenants. Additionally, the Pandemic Unemployment Assistance (PUA) federal assistance benefits ended September 4, 2021. Business owners, Self-employed workers, Independent contractors, People with a limited work history and many others are affected. Attend our upcoming Business Alliance meeting and hear from experts on the impacts of these moratoriums being lifted and the implications on those needing housing and employment.
