Board of Trustees Meeting
August 19, 2020

College of the Canyons

Synchronous
The class happens live

vs.

Asynchronous
Class instruction is completed on your own time

**Not quite sure how fall
classes will work?
WE CAN HELP!**

Distance Learning

(not 100% online)

The class will meet via distance learning (using some sort of online software or service) at the same day and time each week. You will not be able to register for two classes that meet at the same time.

Online

The class will not meet live and you have the flexibility to complete the instruction on your own time.

Face to Face Instruction

A few lab classes require some in-person instruction. The class schedule says "The lab portion of this class will meet for limited face-to-face instruction on campus". Strict health protocols will be followed for everyone's safety.

Orientation Letters

Make sure you read the orientation letter for each of your classes, so you know what to expect. (If there isn't a letter/link for your class, please be patient. They are being added as professors finish them.)

Assessment of Prior Learning Good News!

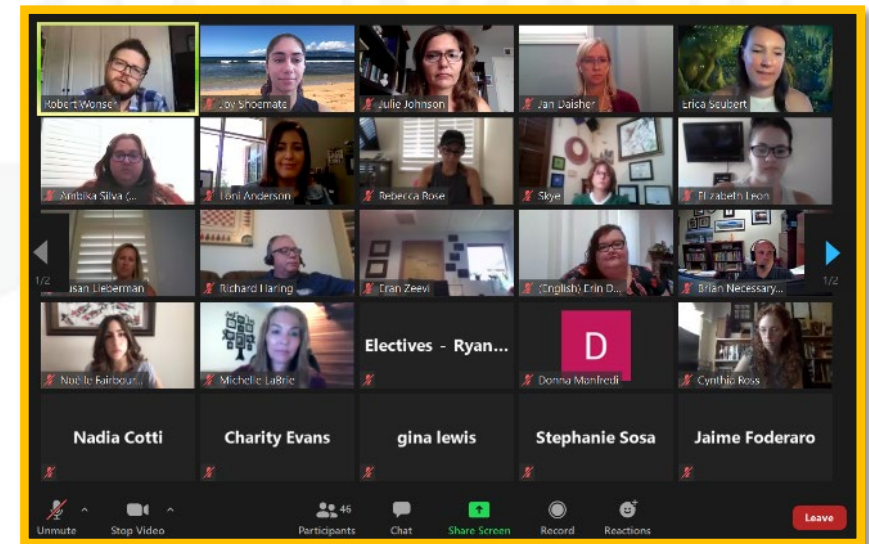

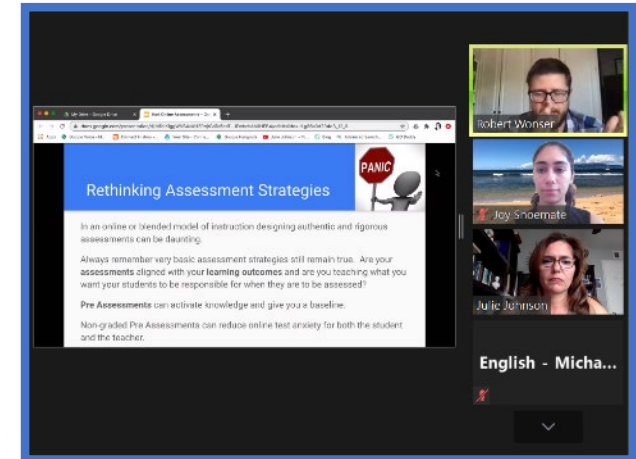

- In progress: Developing local *Board Policy and Administrative Procedure*, as required by **AB 2494**.
- Requires CCC Districts to adopt by 12/31/20 local policies that align with state Chancellor's Office policy "*to develop a consistent policy to award military personnel and veterans who have an official Joint Services Transcript course credit for*" IGETC, CSU GE breadth, or local college GE requirements.
- **Garrett Rieck** is developing a noncredit, **8-hour course** titled "***Introduction to Assessment of Prior Learning.***"
- **State Chancellor's Office** held a webinar to present and discuss details of the amended CPL regulation, the Palomar pilot, and the implementation toolkit on Aug 18, 2020 03:00-4:30 PM.

Library Services Platform (LSP) Good News!

- In FY17-18, the state provided limited funding to establish a single **Library Services Platform (LSP)** for our system.
 - To date, **110** of California community colleges participate in this platform.
 - The CCCCO has worked with the *Council of Chief Librarians* to continue to advocate for ongoing funding and the *Board of Governors* has supported full ongoing funding for this purpose in the 2019-20 and 2020-21 budget process.
 - No additional state funding to directly support the single Library Services Platform has been provided and the statewide contract is set to expire **December 31, 2020**.
- While advocacy continues, we must explore all options to continue support of our students—and the Library Services Platform is a key component of the resources our students need to succeed.
- The **Chancellor's Office** is diligently working on this issue and are confident that we will have an equitable solution shortly.

COC/Hart District Collaboration Gearing Up for Online!

- On Monday, **August 3**, leadership from the **Center for Excellence in Teaching and Learning (CETL)** and **Online Education** met with **45 Hart District** administrators and instructional coaches to share ***best practices for online teaching and learning***.
- The webinar included a panel discussion with experienced COC online instructors.
- In addition, COC collaborated with Hart instructional coaches to create a self-paced online course for Hart teachers to learn about important principles of online instruction – **507 Hart teachers** have accessed the course in preparation for the new school year!

Valencia Acura Donation

College of the Canyons has received a **\$20,000** donation from the **Greater Los Angeles New Car Dealer Association (GLANCD)** in support of the college's *Automotive Technology Program*.

The funds will allow the program to purchase the **equipment, curriculum materials** and **supplies** required to expand **hybrid vehicle training**.

- The college's automotive technology program is designed to prepare students with the *entry-level skills* needed for an **automotive technician position** in a variety of settings including dealerships, independent automotive repair facilities, as well as with county or federal agencies.
- The program offers **certificate and degree pathways** that range from *one semester to two years* in length allowing students to get into the workforce quickly by providing in-depth training with extensive **hands-on experiences** in all nine ASE (Automotive Service Excellence) certification programs and State of California Smog Tech Training.

Virtual Business Briefing Series To Help Our Businesses

The **College of the Canyons Foundation** has been working hard to provide resources for the local business community and our **Chancellor's Circle** members and provide a space to help members navigate challenges businesses are facing.

August 28 – 10:00AM: Economic Development Roundtable

- *Guest Presenters:* **Jason Crawford**, Planning, Marketing and Economic Development Manager, City of Santa Clarita; **Holly Schroeder**, President & CEO, SCV Economic Development Corporation; **Jeffrey Forrest**, Vice President, Economic and Workforce Development, College of the Canyons.
- *Moderated by:* **Joe Klocko**, College of the Canyons, Dean of Economic Development (retired) & aerospace industry executive (retired).
- Topics will include: ***Discussion of strategic economic growth plans for the Santa Clarita Valley and Ways COC is partnering with the City of Santa Clarita and the SCV Economic Development Corporation to attract and support local businesses.***

Veterans Resource Center

Funding

- In July 2020, the Chancellor's Office allocated the **base funding** to all 113 colleges serving veterans through a resource center.
- COC's anticipated **FY 2020-2021** allocation will be **\$88,495**. An increase of **20%** from FY 2019-2020.
- The Veterans Resource Center provides a **benefits orientation** for all new student veterans or veteran dependents interested in using VA Education/Vocation Benefits.

Academic Success

- **Veteran Counselors** meet with students regularly for academic advisement, academic counseling and to create an academic student education plan written to the VA standard for VA Education/Vocation Benefits.
 - Of the **116** students who attended Summer 2020, **114** of the students met with a counselor at some point while at COC and **95** of them were **student Veterans**.

Memo FS 20-09: Phase Out of Certain Allowances for Attendance Account Methods and Student Withdrawals

- The **Emergency Conditions Allowance** we submitted in April 2020 will remain in effect and allow us to use 2019-20 P1 FTES when calculating our 2019-20 SCFF apportionment.
- There will be a **second** Emergency Conditions Allowance Memo that will be released in **March of 2021** and will be **due** by **April 20, 2021** that will allow us to use 2019-20 P1 FTES for our 2020-21 FTES and future years.
- Beginning **Spring 2021** - all online courses must be converted to the appropriate attendance accounting method per regulation.
 - Excused withdrawals *will no longer* count as an enrollment attempt for apportionment purposes.
